Education

Noida Institute of Engineering and Technology — Greater Noida, UP
Bachelor of Technology (Computer Science and Engineering - Artificial intelligence) — *Nov 2022 – June 2026*

St.Xavier's Public School — Gorakhpur, UP
Standard - 12th(CBSE), Percentage - 80 — *April 2020 – March 2021*

Don Bosco Senior Secondary School — Gorakhpur, UP
Standard - 10th(CBSE), Percentage - 71.5 — *April 2018 – March 2019*

Experience

Participated in Hackathon on Medical Awarness — Oct, 2024
at Geeks for Geeks — *Noida, UP*

- Participated in **Hackathon on Medical Awareness** (Oct 2024) at Geeks for Geeks, Noida, UP, collaborating with a team to develop innovative solutions.
- Gained hands-on experience in problem-solving, teamwork, and rapid prototyping essential for hackathon success.

Internship on Emerging technologies(AI and Cloud) — July 2024 – Aug 2024
at Edunet Foundation — *Online*

- Completed an **Emerging Technologies (AI & Cloud) Internship** at Edunet Foundation (July – Aug 2024), gaining hands-on experience in AI models and cloud computing.
- Worked on real-world applications, enhancing skills in machine learning, cloud deployment, and problem-solving.

Workshop Attended
at Noida Institude of Engineering and Technology — *Nov 2022 - June 2026*

- Python+Adv. Python, Java+Adv.Java, Web Development

Projects

AI Virtual Assistant | ***HTML, CSS, JavaScript, ReactJS, MongoDB, ExpressJS, NodeJS*** — Aug, 2025

- Built an **AI-powered Virtual Assistant** using the **MERN stack** to provide real-time responses and task automation.
- Developed an interactive **frontend with ReactJS, HTML, CSS, and JavaScript** for voice.
- Implemented secure **backend APIs with NodeJS and ExpressJS**, integrated with **MongoDB** for storing user data and assistant responses.

Event Management System | ***Java, Spring, Servlet, JDBC, SQL*, SpringBoot, JSP** — Mar, 2025

- Developed an **Event Management System** using **Java, SpringBoot, Servlet, JDBC, SQL, and JSP** for efficient event planning and management.
- Implemented features like event scheduling, user management, and database integration to enhance functionality and user experience.

Technical Skills

Languages: Java, Python, C, MySQL, JavaScript, HTML/CSS, MongoDB
Web and Frameworks: React.js, Node.js, Express.js, BootStrap, JSP, Servlets, SpringBoot, AI Integration
Tools: Git, Jupyter Notebook, Google Cloud Platform, VS Code, PyCharm, IntelliJ IDEA, Eclipse, NetBeans
Libraries: Pandas, NumPy, Matplotlib
Core Subjects: Operating Systems, DBMS, Data Structures Algorithms, Object Oriented Programming, Computer Networks, Artificial Intelligence and Machine Learning

Certifications

- Introduction to Artificial Intelligence from IBM
- JavaScript Essentials from Infosys —Springboard
- ReactJS from Infosys —Springboard
- Data Visualization with Python from IBM
- Python for Data Science, AI & Development from IBM
